EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claims 19 and 27 were canceled.

REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-18, 20-26 and 28-39 are allowed because the prior art of record fails to suggest "causing the integrated circuit to enter a test mode before the power attains the predetermined level" as combined in claims 18 and 35 and "wherein generating the second data bit comprises generating the second data bit equal to a complement of the first data bit" as combined in claim 25.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
